

ABOUT THE URBAN FARM

The Urban Farm (TUF) is a community farm, educational center and 501(c)(3) nonprofit serving over 30,000 unique individuals a year.

TUF strives to provide the opportunity for urban youth to engage and participate in local food and agricultural systems by removing the barriers to entry such as land access, time, location and finances. TUF delivers experiential programs in animal husbandry, organic gardening, environmental education, and food security that provide practical and behavioral life skills for youth and young adults. Our aspiration is to foster compassion and resilience in people and inspire them to build sustainable, healthy, and equitable communities.

In - Kind Donor

Does your company offer products that could support farm events or programs? Recent in-kind donations include shovels, wheel barrows, soil, fencing supplies, and refreshments for events. TUF can create a custom benefit package reflecting the value of your donation!

All donations will receive a tax-deductible receipt.

OUR SUCCESSES FROM 2022:

TUF served over 30,000 individuals through educational programming, tours, events and food access programs

650 children attended summer camp. 30% of campers were from low-income backgrounds and attended for free.

Over 15,000lbs of fresh, farm raised produce, eggs and meat were donated to local food pantries and free grocery programs.

TUF provided vocational training for 86 at-risk youth involved in the juvenile justice system.

TUF cares for over 150 heads of livestock, including sheep, goats, chickens, rabbits and horses.

90% of field trips are provided free or at reduced-fee for Title I Schools and traditionally marginalized communities.
